
GENERAL PRODUCT INFORMATION

ARM COVERS

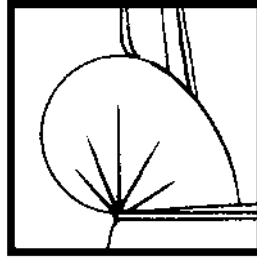

Arm Covers are optional for most styles. Arm covers are priced at \$85 per pair and require an additional 1.5 yards plain 54" goods.

ARM OPTIONS

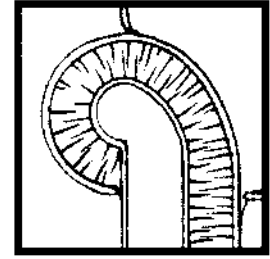

The pictures below show the different arm styles available on most items. The up charge is 10% of the item retail price when changing from the standard arm shown.

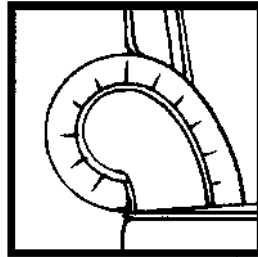

ROLLED PANEL ARM

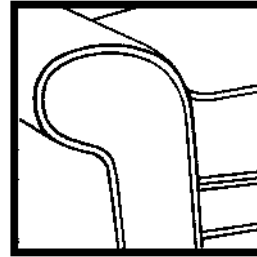

FAN PLEATED ARM

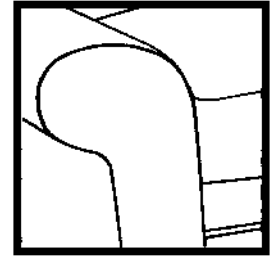

SHIRRED PANEL ARM

SOCK ARM WITH PLEATS

WELTED SOCK ARM

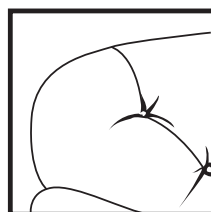

WELTLESS SOCK ARM

ATTACHED BACKS

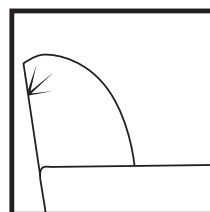

Attached backs are available to standard loose pillow back items for an up charge of 10% of the item retail price. They will only be attached at the top to allow for easy regulating of the filling materials. Attached backs are standard when using leather, vinyl and some faux suedes that require breather panels.

BACK OPTIONS

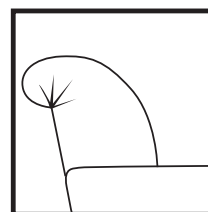

The pictures below show the different back options available from the standard backs shown on an item. The up charge is 10% of the item retail price for all changes except tufted, which incurs a 20% up charge. When changing from a loose pillow back to a tight back, the yardage required may be reduced by 2 yds on a sofa, 1.5 yds on a loveseat and 1 yd on a chair. Add the same amounts when changing from a tight back to a loose pillow back. Tufted backs require the same yardage as a loose pillow back.

GENERAL PRODUCT INFORMATION

BACK PILLOW FILLINGS

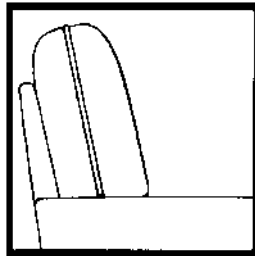

Luxury Fiber backs are 100% polyester fibers blown into channeled down proof ticking to prevent shifting, giving medium support and minimal maintenance by rotating on a regular basis.

Premium Blend Down backs are a mixture of 50% premium polyester fibers and 50% gray duck down and feathers blown into a channeled down proof ticking to lessen shifting of the filling materials. Premium Blend Down backs give medium soft support and require frequent fluffing.

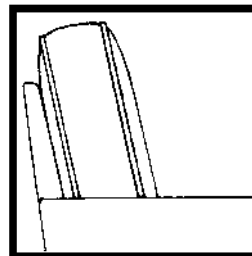

Down and Feather backs are a blend of 25% natural gray duck down and 75% natural gray duck feathers. This all natural blend is blown into a 205 thread count channeled down proof ticking, which gives the softest support available. These backs will require constant fluffing and regulating of the filling materials.

BACK PILLOW CHANGES

Boxed back pillows are an option in lieu of standard knife-edge backs and are priced at an additional 10% of the item retail price. The same charge applies to change backs from boxed to knife-edge. See “Back Options” for additional information.

LOOSE KNIFE EDGE BACK

LOOSE BOX BACK

SCATTER BACK

BACK PILLOW QUANTITY

To change the number of back pillows from the standard quantity shown, a 10% upcharge of the item retail price applies.

BARRIER CLOTH

If a specific fire code such as California TB 133 needs to be met, we can incorporate the proper barrier cloth to meet these standards. The upcharge is 40% of the item retail price.

BARSTOOLS

Most barstools are available with or without arms. Barstools are available in either 24” counter height or 30” bar height. Optional antique brass or polished nickel foot rail protective covers are available on most barstools for an up charge of 5% of the retail price.

BASE OPTIONS

See “Skirt and Base Options”

GENERAL PRODUCT INFORMATION

- BEDS** Complete beds and wall mount headboards are both available. The complete beds include a headboard, foot rail, side rails and slats. They are designed to accept a mattress and box spring. We will need the width, depth and height of the combined mattress and box spring, so that we can adjust the field of view on the headboard. Wall mount headboards come with bayonet fasteners to be professionally installed to the bed and wall. Please note the overall height of the wall mount headboards.
- BOXED BACKS** See “Back Pillow Changes”
- BUTTONS** Buttons can be added to most items for an up charge of \$25 each retail. The same charge applies for contrast or customer’s own buttons.
- BULLION** Bullion trim over skirts is available as an option. Skirts will be adjusted to match the bullion height. See “Decorative Trims” for pricing. Most skirted items have 5” legs, so to properly install a bullion trim, we suggest a 6” or longer bullion.
- CARE**
- Casegoods* – As with all finely crafted tables and finished wood items with a nitro-cellulose top coat, a regular regiment should be taken to keep its beauty for years to come. Frequently dust with a soft cotton cloth and should polishing be required, we suggest silicone free Guardsman furniture products. Care should be taken not to drop or drag objects across the finish which may create dents or scratches.
- Upholstery* - Caring for your beautiful Duralee Fine Furniture® should become a regular routine so it can be enjoyed for years to come. We recommend an overall regular light vacuuming and flipping the seat cushions on a regular basis. The loose back pillows should also be fluffed and rotated weekly at a minimum.
- CARTONING** Cartoning is often required by non-furniture specific carriers. There is no charge should you choose to ship Duralee Fine Furniture® on such a carrier. If an item is to be crated versus cartoned, the up charge is 15% of the retail price of the item.
- CASTERS** Casters for skirted items are nylon twin wheel type and available at an up charge of 5% of the retail price of the item. We must have the desired skirt height from the floor, as there is no easy way to adjust the skirt height once the casters are installed. Decorative casters on exposed legs are available for specific applications at a cost of 10% of the retail price. Nickel and antique brass finishes are offered on most styles. Please contact customer service for availability.
- CHAISE LOUNGES** Most fully upholstered chairs can be made into a chaise lounge for a 50% up charge of the item retail price. Please add an additional 50% to the fabric requirements as well.

GENERAL PRODUCT INFORMATION

CHENILLES

Chenilles are designed and woven for a soft, luxurious, casual hand. To achieve these characteristics they are loosely woven and often washed. These attributes will cause more maintenance than in other fabrics, by having to constantly flip, rotate and fluff the seat cushions, back pillows and throw pillows. In addition, we will ask that all Chenilles be synthetic backed to help reduce shifting of sewn covers over their fillers and stabilize the fabric to achieve a more tailored look.

C.O.L. (CUSTOMER'S OWN LEATHER)

Customer's Own Leather can be used on most styles for an up charge of 15% of the retail base cost. To calculate the square footage required, multiply 17 square feet of leather per one yard of plain 54" goods. For calf skins or other extremely small hides, use 21 square feet per yard. Remember to add for repeats on embossed leathers. We will cut leather as free of flaws as possible. We may have to piece large areas to increase the yield and remove flaws. Remember, leather is a product of nature and scars, scrapes, wrinkles and imperfections are very common and only add to the beauty and character of each piece. Also see "Non Breathable Fabrics" for more important information about leather construction.

C.O.M. (CUSTOMER'S OWN MATERIAL)

Customer's Own Material should be sent to Duralee Fine Furniture®, 647 Hopewell Road, Morganton, NC 28655. All COM should include the following information.

1. Your Company's name and address.
2. Your furniture PO the fabric belongs to.
3. Your Customer's name and side mark.
4. Frame style number.
5. Fabric information, source, color, type, etc.
6. Amount of fabric being sent.
7. Send a cutting with your order.
8. Face side of the fabric to be used.
9. Any special application instructions, be very specific.
10. Do not send payments in with your COM.

We must assume all COM's sent have been inspected and ready for use. **Please do not short us fabric. Allow us the materials to create your furniture beautifully.**

CONTRAST FABRICS

Using two contrasting fabrics, such as an inside/outside application on a wing chair or body/cushion application, can be done for an up charge of 5% of the item retail price. Color blocking is also available with as many as six different fabrics for an up charge of 10% of the item retail price.

CONTRAST PILLOWS

Contrast throw pillows are available on items with standard throw pillows. The pricing is \$25 per pillow retail. See "Decorative Trim" for additional options and see "Throw Pillows" for additional sizes.

GENERAL PRODUCT INFORMATION

CONTRAST WELTING

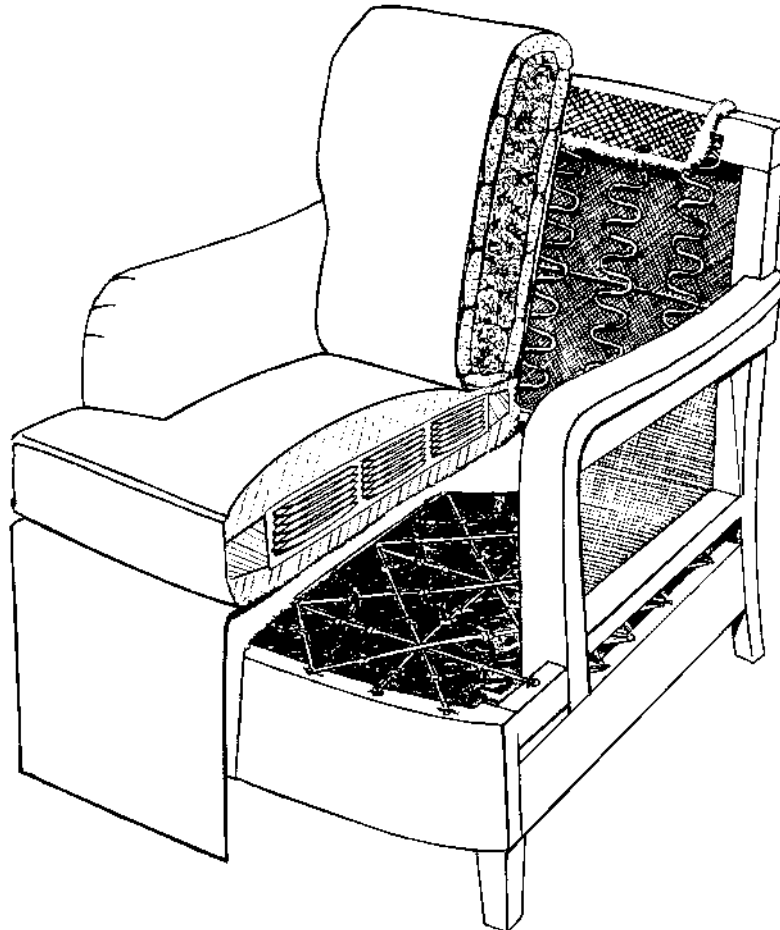

Contrast welting made from fabric is available on any style. The average chair or ottoman will require 1.5 yds of plain 54" goods, a loveseat will require 2 yds and a sofa will require 2.5 yds. Deduct body fabric as follows: Ottoman none, Chair .75 yds, Loveseat 1.25 yds and sofa 1.75 yds. These estimates are for most average styles, some styles may require more or less fabric depending on welting applications.

Back pillows	5% of the retail price
Seat cushions	5% of the retail price
Base of skirt	5% of the retail price
Body **	5% of the retail price
Throw pillows (each)	5% of the retail price
Entire item	15% of the retail price

** Body includes arms, panels, outside back, wings and borders.

CONSTRUCTION

Our general construction starts with a kiln dried hardwood frame machined for durability. Dowel construction is used throughout along with glue, screws, and corner blocks. The suspension is married to each frame for comfort and durability.

(continued on next page)

GENERAL PRODUCT INFORMATION

CONSTRUCTION

(continued)

Deep seated frames are of eight way hand tied coil springs, while other styles utilize premium elastic webbing or sinuous wire springs. The inner fillings begin with a layer of synthetic fiber batting, a generous portion of urethane foam, and another layer of white synthetic fiber batting. All inner body fillings are hypoallergenic. The outer fillings begin with a synthetic fiber fabric covering followed by a layer of densified fiber batting and finally the finish fabric. The finish fabric does not touch the raw frame, everything is padded. The skirts are hand aligned and cut to the upholstered item to assure an accurate match. The skirts are fully lined and sewn with mitered corners for a natural drape. All skirted items are equipped with levelers in each leg to allow for height adjustment. Our typical skirt height off the floor is one half inch.

CORDING

See "Decorative Trim"

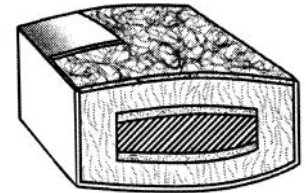

CRYPTON® FABRICS

See "Non Breathable Fabrics"

CUSHIONING

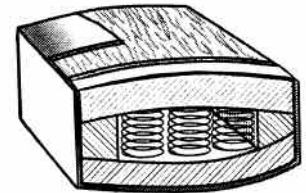

Luxury Foam/Fiber ("L" designation)

Foam/Fiber seats: A core of 1.8 special resilient foam surrounded by layers of 100% premium polyester fibers, encased in a muslin ticking (High crown-medium firm support).

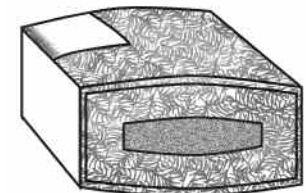

Premium Spring Down ("P" designation)

Spring down seats: A core of fabric encased spring coils surrounded by premium foam and wrapped with a channeled layer of premium 50% polyester fibers and 50% - 25/75 duck and down feathers in a down proof ticking (High crown-medium soft support).

Natural Feather & Down With Foam Core ("D" designation)

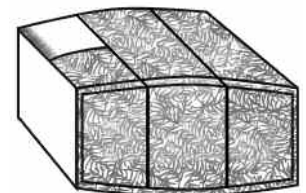

Natural feather and down with foam core seats: A core of 1.8 14-lb. ultracel foam surrounded with a 75% gray duck feather and 25% grey duck down combination encased in a 205 count, 100% cotton, down proof ticking. (High crown soft support). Available on select styles.

Natural feather and down cushions and pillows offer a more relaxed look. These cushions need to be fluffed and rotated frequently.

All Down & Feather

For a 20% upcharge above premium retail pricing, a 25/75 all down/feather seating combination is offered. The *All Down & Feather* mixture is blown into a 205 thread count channeled ticking. These cushions require constant fluffing and adjustment.

GENERAL PRODUCT INFORMATION

DECORATIVE TRIMS

Cording and fringe is available on most styles. Pricing for decorative trim applications are listed below:

1. Arm panels	5%	of the retail price
2. Body **	10%	of the retail price
3. Boxed backs	10%	of the retail price
4. Entire item	30%	of the retail price
5. Knife edge backs	5%	of the retail price
6. Seat cushions	10%	of the retail price
7. Skirt at bottom edge	10%	of the retail price
8. Skirt bullion	10%	of the retail price
9. Skirt or base at top	5%	of the retail price
10. Throw pillows (each)	5%	of the retail price

** Body includes outside backs, outside wings, and borders.

DIMENSIONS

Printed dimensions are approximate. Differences in fabric, cushion fillings, and each craftperson's techniques will cause some variation. All seat dimensions are calculated with Luxury Grade cushioning.

DIMENSION CHANGES

Most straight fully upholstered items can accept changes in width, depth, or height. The guidelines and pricing are as follows:

Width:	up to 5"	+15% to retail price.
Depth:	up to 2"	+10% to retail price.
Height:	up to 2"	+10% to retail price.

Dimensional changes outside these guidelines must be quoted by the factory. We will not make any changes to the scale of the item.

DINING CHAIRS

Most dining chairs are available as side and arm chairs. The arm chairs are manufactured to fit beneath the aprons of **DFF**[®] dining tables. If not using a **DFF**[®] dining table, please verify the arm heights before ordering to be sure they will accommodate your needs. Special sizing is only available on contract quantities.

DOUBLE NEEDED SEAMS

Double needed seams, sometimes known as baseball or saddle stitching, are available in lieu of welting for a 20% up charge of the item retail price.

EXCESS C.O.M.

If requested on the original order, we will return excess COM along with the furniture being shipped. If the return of the excess COM is requested after the furniture has been shipped, it will be shipped COD with a \$25 minimum. We will only reserve excess COM for 30 days after an order has shipped.

GENERAL PRODUCT INFORMATION

EXTRA FIRM FILLERS

Extra Firm seat cushions can be ordered as an option to **Luxury, Premium** and **Natural Feather and Down** grades for an upcharge of 5% of the item retail price. Extra firm back pillows can be ordered as an option to **Luxury** and **Premium** grades for an additional 5% of the item retail price.

FABRIC APPLICATION

If a specific fabric application is desired, it must be noted on the original order. Unusual requests will incur an additional charge. If no instructions are supplied, the layout will be determined by our cutting staff for the best pattern placement and yield. If the face of the fabric is not specified, we will use the “rolled-in” side as the face. Stripes and patterns will be run vertical, unless noted otherwise. If a fabric has a nap, we will run it smooth from top to bottom or to the left unless requested not to do so, or a pattern determines otherwise. See “Yardages” for additional important information.

FABRIC BACKING

If a fabric is deemed too lightweight, too loosely woven, or washed for proper construction, we will request it be backed by a commercial fabric finishing company. Cost for backing will be quoted on an as needed basis. We will not be responsible for any changes to the fabric that may occur as a result of the backing process. If our request of fabric backing is denied, we will ask that a waiver be signed removing us from any and all liability.

FABRIC PROTECTION

We use Guardsman chemical products for fabric protection. The costs are 10% of the item retail price. We will not be responsible for any changes to the fabric that may occur as a result of the fabric protection. The fabric protection will not keep your furniture from getting dirty, but will make it easier to clean.

FAUX SUEDES

See “Non Breathable Fabrics”

FINISH CHOICES

Duralee Fine Furniture® offers an array of Standard nine step finishes at no charge. Eleven step Premium Crackle finishes are available to any item for an up charge of 15% of the retail price. If only legs or feet of a fully upholstered item are being done, then a 5% retail up charge applies. Leaf finishes may also be applied to most items at a 60% up charge of the item retail price, and 10% for exposed legs or feet on fully upholstered items. Leaf detailing to carved items will be quoted on an as required basis. Custom match finishes are also available to any item. A ‘strike off’ can be ordered of your sample for a charge of \$75. The custom match up charge can range from 20% -50% depending on the complexity of the finish. To use two standard finishes in combination, the upcharge is 20% of the item retail price.

FINISH SAMPLES

Wood being a product of nature, it will have variations in color, depth and grain texture. We apply rigorous controls to our finishing process, but because wood is a
(continued on next page)

GENERAL PRODUCT INFORMATION

FINISH SAMPLES

(continued)

natural medium, variations in color will occur. If the **DFE**[®] finish color of your item is crucial, please forward us a sample to match to assure a proper match.

FINISH SHEENS & TOP COATS

Three sheens are available on Duralée Fine Furniture[®] and must be specified on your order. Standard sheens are Matte (10 sheen) and Semi-gloss (45 sheen). We also offer a French Polish (70 Sheen) on table tops at an upcharge of 20% of the retail price. An alcohol resistant bartop finish is available on table tops for an upcharge of 20% retail.

FIRE CODES

Upholstered items manufactured by Duralée Fine Furniture[®] meet California TB 117 for flammability safety. If additional fire codes are required to be met, they can be done for an up charge based on the specific code and compliance steps required by the governing body.

FIRM FILLERS

See "Extra Firm Fillers"

FLAME RETARDANTS

Fabrics can be treated by a commercial fabric finisher to meet flame retardant specifications. The cost will be quoted on an as needed basis. We will not be responsible for any changes to the fabric as a result of the flame retardant process.

FREIGHT

See "Shipping and Freight"

FRINGE

See "Decorative Trims"

HARDWARE

Occasional tables that incorporate hardware are shown with their standard hardware. Optional hardware is available at no charge, should you like to make a change. The selections are on the catalog page with the nail head trim choices.

IN HOME DELIVERY

In most cases, your items can be shipped directly to the end user by a nation-wide In Home Delivery service. They will place the furniture into the customer's home and do some slight regulating of fillings. They will not remove doors or move the customer's old furnishings. If the delivery is deemed difficult, the customer may be asked to sign a damage waiver for their property and the items being delivered. Be sure the furniture ordered will fit into the delivery location! The customer must inspect the goods upon arrival, once signed for they have no recourse. If there is damage or a defect immediately noticed, the delivery should be refused. In Home Delivery may extend the lead times several weeks, especially if the delivery location is in a remote area. Please ask a customer service representative to quote your In Home Delivery.

GENERAL PRODUCT INFORMATION

LAYOUT CHARGES

If we are asked to layout a fabric to see if less yardage is required from our stated charts, the charges will be: \$70 ottoman, \$100 chair, \$140 loveseat, and \$185 sofa.

**Please do not short us fabric, as it will extend lead times.
Allow us the materials to create your furniture beautifully.**

LEATHER

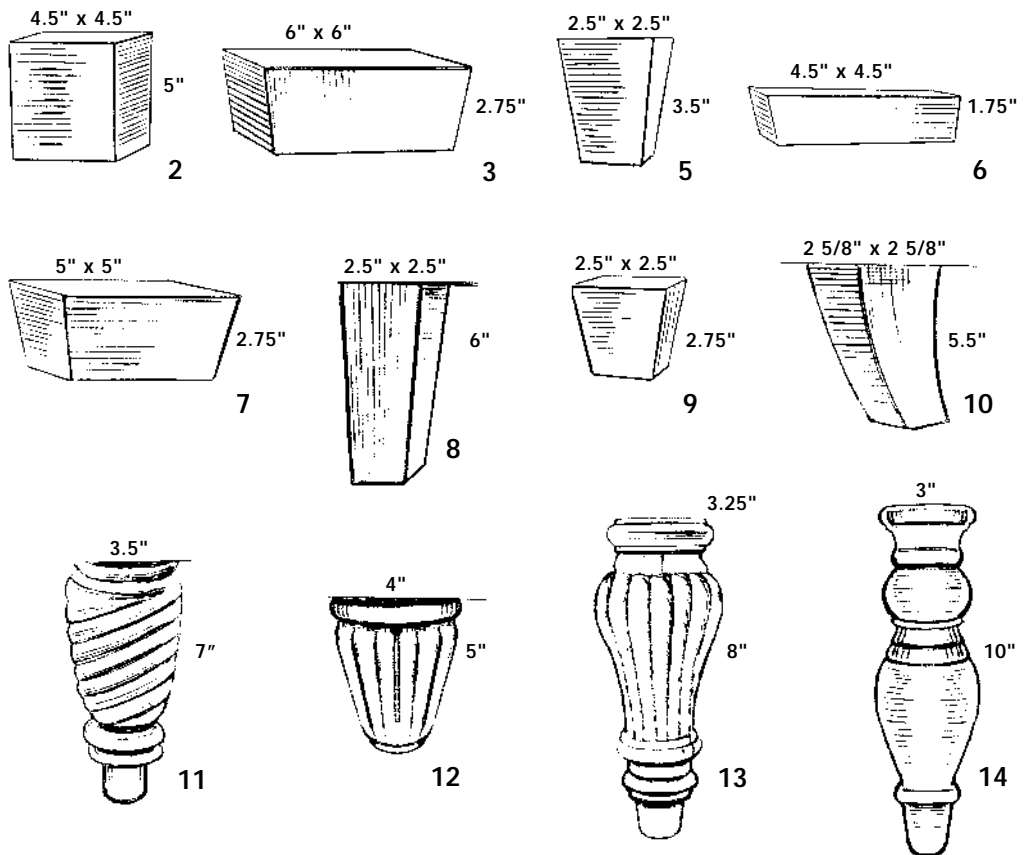

See "C.O.L. (Customer's Own Leather)"

LEGS

Most of the legs drawn below are used on specific items throughout the catalog. These drawings are intended to show greater detail and dimensions. On occasion, legs can be interchanged with one of similar height. The charge for changing legs to one of similar height is 10% of the item retail price. If casters and/or sabots are added, an additional 5% applies.

Exposed Wood Legs: As indicated on the individual catalog pages, certain items either come with standard legs, or one shown in the sketches below. Legs are solid maple and are available in all of the standard wood finishes referenced on the wood finish charts.

NOTE: Verify the ability to change a leg from the original shown, prior to ordering. Legs of similar size or shorter should be used when making leg changes.

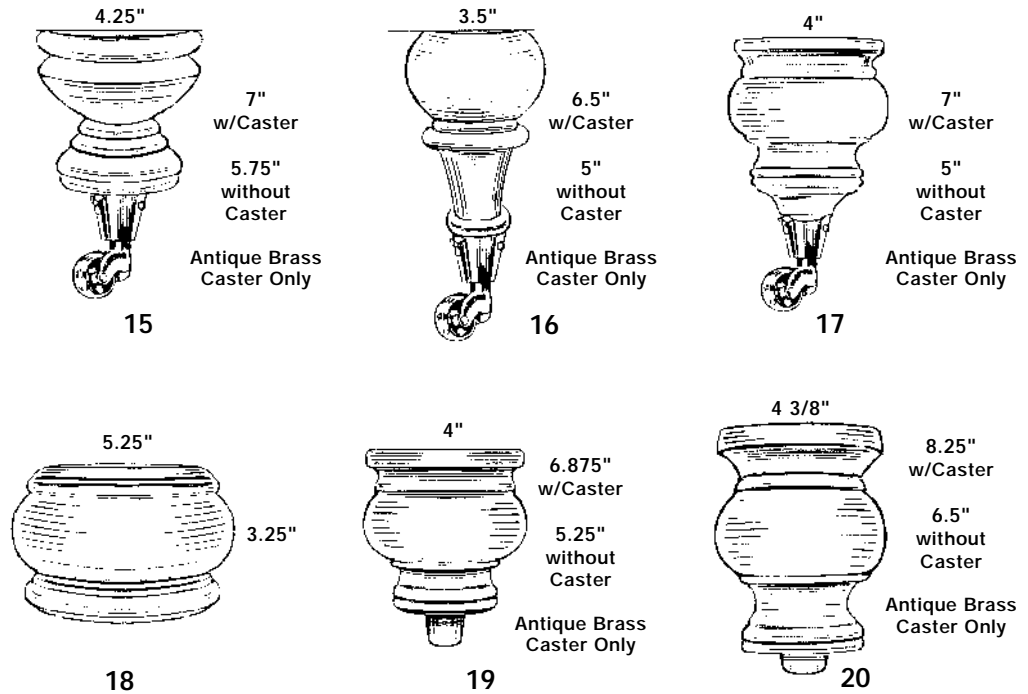

(continued on next page)

GENERAL PRODUCT INFORMATION

LEGS

(continued)

LEVELERS

Levelers are standard on all skirted items and can be easily adjusted to raise an item for desired skirt heights from the floor.

MUSLIN

If an item is requested to be upholstered in muslin supplied by us, the cost for the muslin will be \$20 per yard retail. We will not welt any part of the item or apply skirt treatments unless requested.

NAIL HEAD TRIM

Decorative nail head trim is available as an option on most items. A variety of styles, finishes and methods can be chosen. The cost can be calculated from the chart below. A rendering of nail application must accompany your order

- | | |
|--|----------------------|
| 1. Arms | +10% of retail price |
| 2. Base, 4 sides | +10% of retail price |
| 3. Back, outside | +10% of retail price |
| 4. Delete nail trim from an item as shown, | 5% of retail price |

Decorative design applications can be done at twice the above charges.

NON-BREATHABLE FABRICS

Fabrics such as leather, vinyl, Crypton®, and some faux suedes will require breather panels to allow the air to escape once they are sat upon. The charge is our COL upcharge of 15% of the item retail price. We will apply the breather panels to half
(continued on next page)

GENERAL PRODUCT INFORMATION

NON-BREATHABLE FABRICS

(continued)

the underside of the seat cushion, remove the self decking, and attach the loose back pillows. We strongly suggest that these fabrics also not be used on skirted items, as they will not hold a crease when pressed and the result will be a very casual appearance.

ORIGINS

All fully upholstered frames, and tables are Made in the USA, as are many of our dining chairs. The balance of the items we offer are imported from Europe.

PACKING

Our standard packing method for fully upholstered furniture is to fully pad the item and shrink-wrap it to a corrugated tray. Our case goods are padded and shrink-wrapped to a shock resistant, double layered tray and cartoned. All furniture specific carriers accept this method of packing. If a non-furniture specific carrier is requested, we will also carton the fully upholstered items at no charge. See "Cartoning" for additional information.

PAYMENT METHODS

One half deposit is required with the order and the balance due prior to shipment. Payment may be made by company check, Visa®, Master Card® or American Express®.

PILLOWS

See "Throw Pillows"

PRODUCTION SCHEDULE

Orders are scheduled into production and assigned an approximate ship date, only after all fabrics, trims, deposit, and specifications have been received. Actual lead times are based on the factory capacity at the time the order is scheduled.

QUOTATIONS

We will quote an item only in writing via fax, mail, or email. Quotations are valid for 60 days from the date entered. Please be sure to check that the fabric yardage includes additional amounts for narrow fabrics and repeats.

RAFFIA

Raffia type fabrics and those of woven grasses, leathers, vinyls or papers require a 30% up charge to the item retail price.

SEAT CUSHIONS

See "Cushioning"

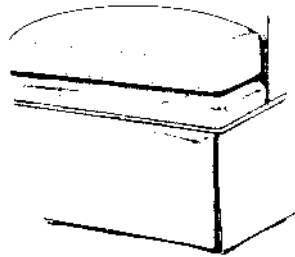

SEAT CUSHION OPTIONS

The seat cushion options shown on the following page are available in lieu of the standard cushions for an up charge of 10% of the retail price.

WELTLESS

SHIRRED BOXING

BOXED

KNIFE EDGE

**SEAT CUSHION
QUANTITY**

To change the number of seat cushions from the standard quantity shown, a 10% upcharge of the item retail price will apply.

SECTIONAL LOCKS

Sectional locks are standard on all DFF® modular seating. The connectors are fitted, installed, and tested before leaving the factory, for tight joints and accuracy.

SELF-DECKING

Self-Decking is standard on all DFF® that has seat cushions. Items upholstered in a "Non Breathable Fabric" will have a sateen type decking to allow the cushions to breathe. You may deduct .75 yds of body fabric for a chair, 1.5 yds for a loveseat, and 2 yds for a sofa when using a "Non Breathable Fabric" that will not be self decked. The same fabric amounts can be deducted when removing self decking.

**SHIPPING
& FREIGHT**

DFF® will ship your items prepaid and billed, via furniture specific carriers that accept shrink-wrapped freight. Our prepaid freight is based on cubes or weight, not value. The carriers will only ship from dock to dock to a professional receiving/delivery service. If a residential delivery is to be made, follow the guidelines under "In Home Delivery". The normal delivery times are 3-14 business days. This time may be extended if the delivery is going to a remote location. Once an item has left our facility, we can track the shipment, but have no control over the transportation of the goods. The customer must inspect the goods upon arrival, once signed for they have no recourse. If there is damage or a defect immediately noticed, the delivery should be refused and returned to the factory. For additional information, see "Terms and Conditions" listing for "Payment and Delivery" and "Claims".

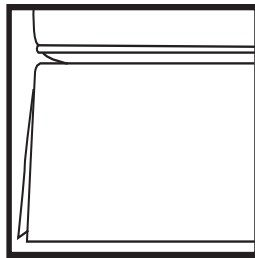

GENERAL PRODUCT INFORMATION

SKIRT HEIGHTS

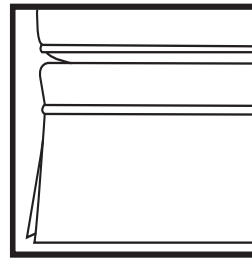

As a standard, we finish our skirts 1/2" from the floor. All of our skirted items will have levelers that can be easily adjusted for a desired height from the floor. If a specific height is desired from the floor, please note it on your original purchase order.

SKIRT & BASE OPTIONS

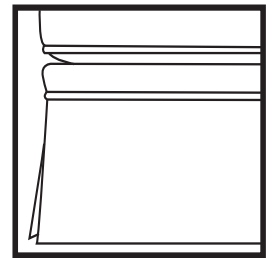

Optional skirt and base treatments can usually be applied in place of the standard treatment shown on the item. Please find the pricing and additional yardage requirements below. To add a skirt to a non-skirted item, double the up charges below and add one half yard of fabric per skirt panel.

GENERAL PRODUCT INFORMATION

SLEEPERS

Duralee Fine Furniture® sleepers have a contract Leggett and Platt® mechanism and 5.5" Kingsdown® innerspring mattress. The mechanism has a T.V. headrest, and built-in anti-tilt mechanism that allows someone to sit at the foot of an open mechanism without incident. An Air Dream® Mattress that inflates to a full 11" while still maintaining an innerspring design is available as an option for an up charge of \$600. This mattress inflates with an electric pump in less than one minute and can be adjusted to the comfort desired. In some cases queen or full size sleepers can be added to sectional items for an upcharge of \$800. Please call to verify styles.

STANDARDS

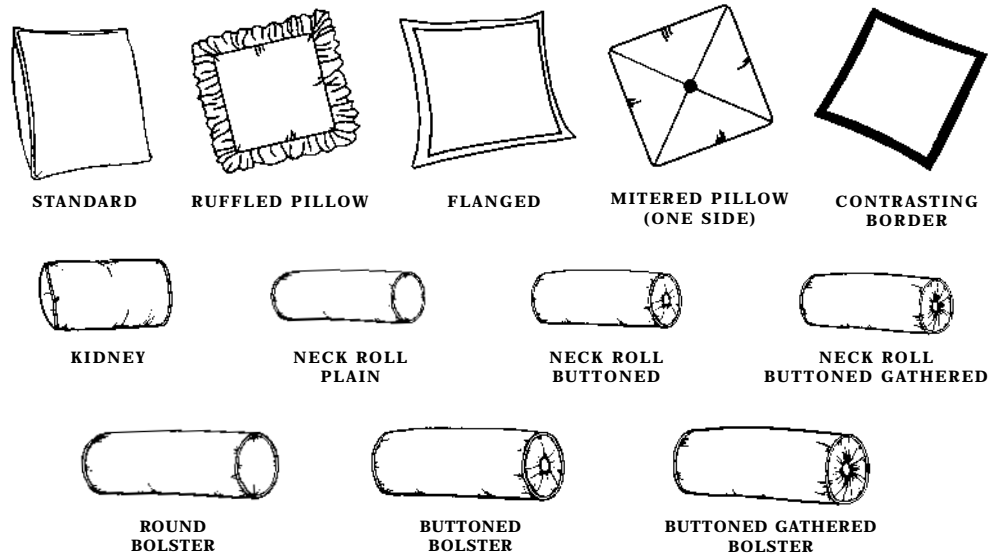

We employ rigorous engineering standards throughout our manufacturing process to ensure each item produced meets our quality acceptance. Differences in decorative fabrics and how furniture is used will affect the comfort and amount of maintenance required to keep your Duralee® furniture looking beautiful. If changes in our engineering standards are desired, (example: adding/reducing amount of filling materials in back pillows) we'll gladly quote the up charge amount to achieve those needs.

SWIVELS

Most skirted chairs can accept an optional swivel mechanism. DFF® offers both a regular or memory swivel that will return to its original position. The up charge for either unit is \$225. We must have the desired skirt height from a solid surface floor, as once the mechanism is secured, it is difficult and costly to adjust on site. Swivels should be limited to chairs not more than 34" in width for stability reasons.

THROW PILLOWS

Optional throw pillows may be ordered and are priced per pillow. Each is standard with a self-welted knife-edge on 4 sides, zipper closure and premium polyester fiber filling. Options include Premium Blend Down or Feather Down fillings, decorative trims and hand sewn closure. Sizes, pricing and plain 54" yardage requirements are listed below. Hand-sewn closure is available at a cost of \$100 per pillow.

**Provide additional .75 yard plain 54" fabric for Ruffle, Flange, or Contrast Border.

**Trim Application is not included in the price of the throw pillow.

TRIMS

See "Decorative Trims"

TUFTING

Tufting can be done on many non-tufted items. For tufted backs, see "Back Options" for additional information. Tufted arms and seats are also available on some styles. Please call for availability and pricing.

VINYL

Most vinyls can be used and will be assigned COL pricing. We suggest not using vinyl on skirted items. Breather panels will be installed to seat cushions and back pillows. The back pillows will be attached to prevent shifting on the item. See "COL" and "Non Breathable Fabrics" for additional information.

WATERFALL SKIRTS

See "Skirt and Base Options"

WELTING

All welting is bias cut. To keep yardage requirements to minimum, some styles may not be cut on a true bias. Please, if you wish the welts to be cut on a "true bias", allow an additional 10% yardage.

GENERAL PRODUCT INFORMATION

- WOOD SPECIES** Interior components of our fully upholstered frames are kiln dried hardwoods of mostly maple. Exposed items are domestic maple or European beechwood.
- WOVENS** Specialty fabrics like woven grasses, leathers, vinyls or papers require a 30% up charge.
- YARDAGES** Yardage requirements are based on plain 54" goods cut up the roll. We estimate the yardage requirements as accurate as possible. Specific layouts, or unusual fabric repeats may require additional fabric. We will not be responsible for additional yardages required except when manufacturing errors have been made by Duralee Fine Furniture®. Some of the common fabrics that require excessive amounts will be those with patterns that run up the center of the roll, or fabrics that have patterns shifted to one side of the fabric.
