DURALEE CATERS TO THE JET SET WITH THE BEAU MONDE COLLECTION

BAY SHORE, NEW YORK – The phrase Beau Monde translates to “fine world” and is synonymous with high society, making it the perfect title for this collection of printed and woven fabrics designed to reflect the cutting edge trends of haute couture. Fresh, fun and hard to ignore, the bold designs of the BEAU MONDE COLLECTION embody the spirit of the jet-setting fashionista, with patterns ranging from chic animal skins to painterly modern florals and trompe l’oeil prints mixed with easy-to-use solids and upholstery options.

The colors of BEAU MONDE were pulled directly from the runways and compiled in a four-book set of brights and neutrals. Trumpeting the new movement celebrating vivid, brilliant shades of red, the FRUIT PUNCH color book covers the gamut with combinations of pinks, oranges and touches of tomato. Cool analogous tones of blue, aqua and green comprise the PEACOCK book, while lemon yellow mingles with a mushroom grey in CANARY/MUSHROOM. A staple neutral, CAMEL rounds out the collection with a more subdued palette of tan to toffee hues.

Following Duralee’s tried and true commitment to providing colorful, original designs, the BEAU MONDE COLLECTION is the ideal resource for the unapologetically daring designer.

DURALEE®, dedicated to providing the building blocks to design, is headquartered in Bay Shore, New York with showrooms nationwide and throughout the world.
